The **Customer** requests the performance and provision of the **Service** with full knowledge of the foregoing.

GENERAL TERMS AND CONDITIONS

- 2.10. In the case of the services of vipy.hu, recurring payments are made through the payment solution provided by Barion. This function enables the **Customer** to pay for future services with the bank card details given during the registration transaction, without entering further card data. The **Customer** approves the recurring payment by consenting, with a confirmation during the payment process, to the automatic debiting of the selected periodic fees at the specified intervals.
- 2.11. The Barion system enables the **Customer** to initiate recurring Barion bank card payments on the basis of a single consent, so that the periodic debiting takes place automatically. Should the **Customer** wish to cancel the service or interrupt the payment schedule, this may be done on the website using the subscription cancellation function. Following cancellation, Barion terminates the recurring payment immediately; the fees debited up to that point are not refunded, however.
- 2.12. In the case of recurring Barion bank card payments, Barion Payment Zrt. appears on the bank statements as the merchant. This ensures the secure processing of payments and helps to avoid any misunderstandings.
- 2.13. The **Service Provider** is entitled to request the submission of a company registry extract, a specimen signature certificate or a specimen signature countersigned by an attorney-at-law, and, in the case of a foreign **Client**, a document of equivalent standing, for the purpose of identifying the **Client** and verifying the right of representation of the person acting on its behalf. The **Client** shall send the document in electronic copy within 8 days of the request; the company registry extract shall be no older than 30 days, and any other document shall be in force at the time of verification and suitable for evidencing the right of representation. Submission of the document is a condition of the conclusion of the contract and of the provision of the given service: in the event of failure to submit the document or the submission of an unsuitable document, the **Service Provider** is entitled to refuse to perform the order, to suspend the service following prior notice, or to terminate the contract. By placing the order, the person acting on behalf of the **Client** warrants that they hold the right of representation, and shall notify any change in the **Client's** company or representation data within 15 days. The processing of the data is governed by the **Service Provider's** Privacy Notice.
